#TOP50

Anish Bansal, COO & Director
Hi-Tech Pipes Ltd.

Anish Bansal serves as the COO & Director of Hi-Tech Pipes Ltd., a leader in manufacturing solar torque tubes for the renewable energy sector. He holds a bachelor's degree and a postgraduate qualification in Banking & Finance from Cardiff university, United Kingdom. Under his leadership, Hi-Tech Pipes has expanded its capacity and embraced cutting-edge solutions, becoming one of India's top three pipe manufacturers with an installed capacity of one million metric tonnes. The company specializes in producing steel tubes and pipes for industries such as infrastructure, telecommunications, defence, railroads, and automobiles. Hi-Tech Pipes boasts a vast network of over 450 dealers and 150 OEM partners, offering more than 1,200 SKUs. With Ten manufacturing facilities across India, the company is known for its high-quality products and innovative solutions, serving diverse industry sectors nationwide.

Kasturi Gomatham,
Global Head of EV Partnerships & Battery Swapping, Shell

Kasturi Gomatham is the Global Head of Battery Swapping at Shell, with a distinguished career in decarbonizing transportation. With a Chemical Engineering background, she began at Daimler in Germany, focusing on emissions reduction. She then transitioned to PwC as a management consultant, specializing in new market strategies for automotive OEMs. At Flipkart, she optimized logistics, and at Ola Electric, and was an early member of Ola Electric, instrumental in pioneering electric two-wheelers in India. At Shell, Kasturi leads global strategies in E-mobility and Hydrogen, managing acquisitions and investments in Clean Energy. Her role involves simplifying electrification for 2, 3-wheelers, and heavy trucks. A published thought leader and keynote speaker, she mentors E-mobility startups and advises at NSRCEL, IIM Bangalore, and the National University of Singapore.growth while navigating challenges in the evolving solar industry.

Ketan Vora, Managing Director & CEO
WAA Cables Pvt. Ltd.

Mr. Ketan Vora, Managing Director and CEO of WAA Cables Pvt. Ltd. (WAACAB), is a visionary leader with over 15 years of experience driving innovation in the wires and cables industry. His leadership has propelled WAACAB to the forefront of renewable energy solutions in India, spearheading large-scale projects and enhancing the company's reputation for reliability and innovation. Prior to WAACAB, Mr. Vora made significant contributions at WAAREE Instruments Limited and WAAREE Energies Ltd, holding roles such as Regional Head and Vice President, and enriching his global perspective as Plant Head at WAAREE Fujian Ltd in China. Under Mr. Vora's leadership, WAACAB has grown significantly, expanding its market presence and developing innovative solutions. His strategic direction, including the company's recent entry into EV cables, underscores WAACAB's role as a leader in emerging technologies.
