KETAN VORA

MD & CEO

WAA Cables Pvt. Ltd

“Leadership is not just about steering a company; it's about inspiring a team to innovate and excel. At WAACAB, we transform challenges into opportunities and vision into reality”

About Ketan Vora

In the dynamic realm of renewable energy, Ketan Vora, Managing Director and CEO of WAA Cables Pvt. Ltd. (WAACAB), has emerged as a visionary leader. With over 15 years of experience, Vora has been instrumental in propelling WAACAB to the forefront of the wires and cables industry, guiding the company through large-scale infrastructure projects that have significantly advanced renewable energy solutions across India.

His strategic direction and ability to navigate complex challenges have established WAACAB as a trusted name known for reliability and innovation. Under his guidance, WAACAB has expanded its market presence and developed cutting-edge solutions, particularly in emerging technologies such as EV cables.

Vora's commitment to operational excellence and his forward-looking approach have positioned WAACAB for continued growth and leadership in a competitive market. With a focus on sustainable practices and innovation, he continues to drive WAACAB's mission to shape the future of energy, solidifying its status as a trailblazer in the evolving energy sector.
