

# INDIA'S LEADING ACDB & DCDB PROVIDER

**WAA Cables Pvt Ltd**, is a leading Cables & Wires company based at Gandhinagar, Gujarat. Our group is amongst the top Solar players in India, providing EPC Services, Project Development, Solar Rooftop Solutions, Solar Water Pumps and also as an Independent Power Producer. It has presence in over 350+ locations nationally and 68 countries globally.

**WAACAB** has become a preferred brand in Wires, Cables and Connectors space among EPC players and system integrators. In a very short span of time, we have received good responses across India as well as abroad.

In our pursuit to add value to our partners and provide more quality products to our customers, we have introduced new products gradually. Here we are introducing ACDB/ DCDB and PV Array Junction Box. These boxes that we are offering are highly durable and designed for flawless functioning as they are tested by experts under strict industry norms. We are offering a complete range which is suitable for different Solar Power Applications.

Our Mission has remained constant to help clients to achieve continued success by developing consistently relevant solutions delivered through an outstanding client experience. Many of our solutions are unique, combining advice, investments, technology and operations into comprehensive solutions designed to help end clients.

Based on our corporate philosophy, "**WAACAB**" will go beyond simply generating profits to develop forward thinking competencies by innovating our business models, developing environment-friendly high-quality products and reinforcing our partnerships with stakeholders as the best partner that will maximize customer values. We will open a brighter future by innovating and investing in technologies that push the envelope and developing the best total solutions.
